Report on the Financial Statements

We have audited the accompanying fiduciary fund financial statements of the Successor Agency to the County of San Bernardino Redevelopment Agency (the Successor Agency), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Successor Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to error or fraud. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the fiduciary fund financial position of the Successor Agency as of June 30, 2020 and the changes in fiduciary fund financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Successor Agency and do not purport to, and do not present fairly the financial position of the County of San Bernardino, as of June 30, 2020, the changes in its financial position, or, where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 9, 2020, on our consideration of the Successor Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Successor Agency's internal control over financial reporting and compliance.

Note 1: Summary of Operations and Significant Accounting Policies

Reporting Entity

On January 10, 2012, the County of San Bernardino Board of Supervisors adopted Resolution No. 2012-01, electing to become the Successor Agency (the Successor Agency) to the former Redevelopment Agency of the County of San Bernardino (the Redevelopment Agency). Upon the dissolution of California redevelopment agencies on February 1, 2012, the Successor Agency is responsible for continuing to pay and meet the former Redevelopment Agency's enforceable obligations, overseeing completion of redevelopment projects, disposing of assets and properties of the former Redevelopment Agency, as directed and approved by the San Bernardino Countywide Oversight Board. As of July 1, 2018, Health and Safety Code §34179(j), replaced the twenty-six countywide oversight boards with the San Bernardino Countywide Oversight Board (Oversight Board). The Oversight Board has fiduciary responsibility to holders of enforceable obligations and the taxing entities that benefit from distributions of property tax and other revenue. The Oversight Board is comprised of seven members appointed by the:

- County Board of Supervisors (two members)
- County Superintendent of Education (one member)
- California Community College (one member)
- Recognized Employee organization (one member)
- Independent Special District (one member) and
- City selection (one member)

County employees perform the necessary day-to-day activities of the Successor Agency to bring projects to completion, collect information and perform analysis regarding disposal of Redevelopment Agency assets, and provide administrative support to the Oversight Board.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accompanying financial statements present only the Successor Agency, a Private Purpose Trust Fund of the County of San Bernardino, and are not intended to present fairly the financial position or changes in financial position of the County in accordance with accounting principles generally accepted in the United States of America.

The Successor Agency serves as the custodian of the assets for the dissolved Redevelopment Agency. Based on the nature of this custodial role, the assets and liabilities of the dissolved Redevelopment Agency are reported as a fiduciary fund (private-purpose trust fund). The private-purpose trust fund financial statements consist of a statement of fiduciary net position (balance sheet) and a statement of changes in fiduciary net position (income statement).

Private purpose trust funds are accounted for using the economic resources measurement focus and accrual basis of accounting. Accordingly, all assets and liabilities (both current and noncurrent) are included on the statement of fiduciary net position. The statement of changes in fiduciary net position presents additions (revenues) and deductions (expenses) in total net position. Property tax allocations are recognized when they are due and when a formal commitment to provide the tax distribution has been made. Expenses are recognized when they are due or incurred.

Note 1: Summary of Operations and Significant Accounting Policies (continued)

Reporting Entity (continued)

When both restricted and unrestricted resources are available for use, it is the Successor Agency's policy to use restricted resources first, and then unrestricted resources as they are needed.

Annual Budget

Pursuant to AB X1 26, the Successor Agency is required to adopt a Recognized Obligation Payments Schedule (ROPS), listing all enforceable obligations due and payable in the six-month coverage period. The ROPS was prepared semi-annually with a distribution of semi-annual property tax revenues from the Redevelopment Property Tax Trust Fund (RPTTF). Management has determined that the ROPS will replace the Successor Agency's annual budget. The ROPS is presented and approved by the Successor Agency governing board and Oversight Board and subsequently approved by the State Department of Finance. SB 107 was passed which changed the ROPS from a semi-annual submittal to the DOF to an annual submittal, but it continues to distribute property taxes of RPTTF funds on a semi-annual basis.

Cash and Investments

The Successor Agency's cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition are considered to be cash and cash equivalents. The Successor Agency maintains substantially all of its cash in the San Bernardino County Treasury. The County's investment pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares, is readily convertible to cash, available for immediate withdrawal, and, therefore, is considered a cash equivalent for financial statement reporting purposes. In addition, the State authorizes the Successor Agency to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements and the State Treasurer's investment pool. Investments of the Successor Agency are reported at fair value based on quoted market prices.

Capital Assets

Capital assets, which include only equipment, are reported in the statement of fiduciary net position. The Successor Agency defines capital assets as assets with an initial individual cost of more than \$5,000 and an estimated useful life of more than three (3) years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their estimated acquisition value at the date of acquisition.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets of the Successor Agency are depreciated using the straight-line method over the following estimated useful lives of the assets. The Successor Agency's capital assets are depreciated over 3-10 years.

Note 1: Summary of Operations and Significant Accounting Policies (continued)

Restricted Assets

Certain proceeds of the Successor Agency are classified as restricted assets on the statement of fiduciary net position because they are maintained in separate bank accounts and their use is limited by applicable bond covenants.

Land Held for Resale

Land held for resale are assets acquired and held with the intent of sale and it is not the intent of management to hold these assets for income or profit. These assets are being carried at the lower of cost or estimated net realizable value, until such time as there is an event, which would indicate an agreed-upon sales price. At June 30, 2020, the land held for resale is being carried at a cost of \$13,276,321. Of this amount \$221,426 has been identified as liquidation property and will be sold by the Agency. The other \$13,054,895 has been identified as future development property and will be transferred to the County of San Bernardino for development. All transfers have been previously approved by the State of Department of Finance. Upon the County's sale of the land, the sales proceeds will be distributed to all of the appropriate taxing entities at the close of escrow.

Liabilities

Liabilities reflect the Successor Agency's financial obligations as of June 30, 2020, including the repayment of tax allocation bonds issued by the former Redevelopment Agency. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Long-term debt is reported net of any bond discounts or premiums.

Property Taxes

Property taxes are assessed under various legislative provisions, contained in the Government Code and the Revenue and Taxation Code, by the County Assessor-Recorder-Clerk. Taxes on real property are limited to one percent of assessed valuation plus additional taxes for repayment of any existing voted indebtedness. The Successor Agency receives a portion of the property tax income based on a formula prescribed in Section 26912(b) of the Government Code and Sections 95-100 of the California Revenue and Taxation Code and as amended by the passage of AB 454.

The Successor Agency's main source of funding is property taxes allocated by the County Auditor-Controller/Treasurer/Tax Collector (ATC) from the Redevelopment Property Tax Trust Fund (RPTTF). The allocation of property taxes is related to the repayment of the former Redevelopment Agency's enforceable obligations. The Successor Agency prepares a Recognized Obligation Payment Schedule (ROPS) estimating the RPTTF funds required to pay its obligations for the subsequent fiscal year. The ROPS is subject to review and approval of the Oversight Board, ATC, and State Department of Finance (DOF). These taxes are generally distributed in January and May of each fiscal year.

Note 1: Summary of Operations and Significant Accounting Policies (continued)

Property Taxes (continued)

The Successor Agency receives allocation of property taxes for its approved ROPS items after payment of the County's administrative costs and pass-through payments to affected taxing entities. In addition to the ROPS payments, the Successor Agency is allocated an annual administrative allowance equal to 3% of the approved RPTTF funding or the minimum amount of \$250,000, whichever is greater.

Use of Estimates

The preparation of these financial statements in conformity with Generally Accepted Accounting Principles requires management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues, and expenses, as well as disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Management believes that the estimates are reasonable.

Note 2: Cash and Investments

The Agency is a participant in the San Bernardino Treasurer's Pool (County Pool). The County Pool is an external investment pool not registered with the Securities Exchange Commission (SEC). The San Bernardino County Treasury Oversight Committee conducts County Pool oversight. The County Pool is actively managed in accordance with the California Government Code, the Treasurer's Statement of Investment Policy, and internal investment guidelines. The Investment Policy is reviewed annually by the County's Treasury Oversight Committee and approved by the County Board of Supervisors.

Cash on deposit in the County Pool at June 30, 2020, is stated at fair value. Cash and cash equivalents include the cash balance of monies deposited with the ATC which are pooled and invested for the purpose of increasing earnings through investment activities. Interest earned on pooled investments is deposited to the Successor Agency's account based upon the Successor Agency's average daily deposit balance during the allocation period. Cash and cash equivalents are shown as follows as of June 30, 2020:

External investment pool – Cash in San Bernardino County Treasury Cash on hand	\$ 5,964,919 200
Subtotal	5,965,119
Restricted assets:	
Investments held with fiscal agent – Bank of New York Mellon Trust	
Company, N.A.:	
Money Market funds invested in U.S. Treasuries	8,480,356
Total value of cash and investments	\$ 14,445,475

Note 2: Cash and Investments (continued)

See the County of San Bernardino's Comprehensive Annual Financial Report (CAFR) for details of their investment policy and disclosures related to investment types, credit risk, concentration of credit risk, interest rate risk and custodial credit risk, as required by GASB Statement No. 40. The County pool is rated AAA by Fitch. The Successor Agency's investments in U.S. Treasuries Money Market funds through the Bank of New York Mellon Trust Company, N.A were generally rated AAAm by Standard & Poor's.

The Successor Agency follows the County's investment policy for permitted investments. The bond document allows the fiscal agent to invest in obligations of the United States government obligations, United States Agencies, deposit accounts, federal funds, bankers' acceptances, certificates of deposit, commercial paper, municipal obligations, repurchase agreements, investment agreements and money market funds.

The Successor Agency categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The County Pool values participant shares on an amortized cost basis during the year and adjusts to fair value at year-end. The Agency's money market funds are valued at amortized cost. The Agency has no investments subject to the fair value hierarchy established by generally accepted accounting principles.

There were no investments in any one issuer (other than for U.S. Treasury securities, mutual funds and external investment pools) that represent 5% or more of the Successor Agency's total investments at June 30, 2020.

Note 3: Capital Assets

At June 30, 2020, the Successor Agency held no capital assets.

Note 4: Transactions with the County of San Bernardino

The Successor Agency has entered into several agreements with the County of San Bernardino to provide for virtually all services to the Successor Agency, including personnel and administrative services, cash flow management, risk management and project costs. Payment for these services is reflected in the statement of changes in fiduciary net position as administrative expenses. The Successor Agency also has notes payable due to the County as further discussed in Note 5.

D. San Sevaine 2016 Series A (taxable) and B Refunding Tax Allocation Bonds

In February 2016, the Successor Agency issued the \$28,790,000 Series A (taxable) Refunding Tax Allocation Bonds and \$13,985,000 Series B Refunding Tax Allocation Bonds (collectively the 2016 Bonds) to advance refund the remaining 2005 Series A Refunding Tax Allocation Bonds with an aggregate amount of \$47,030,000. The proceeds were used to advance refund the 2005 Series A bonds which were retired during the prior fiscal year. The remaining proceeds of the 2016 Bonds will be used to (i) pay the premium of a debt service reserve insurance policy for the 2016 Bonds concurrently with the delivery of the 2016 Bonds to satisfy the 2016 reserve amount and (ii) pay the costs of issuing the 2016 Bonds, including the premium for the Bond Insurance Policy.

The Series A bonds are payable in annual installments ranging from \$745,000 to \$2,095,000 commencing September 1, 2016. The final bond matures September 1, 2035. Interest is payable semi-annually on March 1 and September 1 at rates ranging from 1.00% to 4.00% per annum.

The Series B bonds are payable in annual installments ranging from \$395,000 to \$1,010,000 commencing September 1, 2016. The final bond matures September 1, 2035. Interest is payable semi-annually on March 1 and September 1 at rates ranging from 2.00% to 3.25% per annum.

Note 5: Long-Term Liabilities (continued)

Bonds Payable (continued)

D. San Sevaine 2016 Series A (taxable) and B Refunding Tax Allocation Bonds (continued)

The bonds are payable from and secured by a pledge of the tax revenues, RPTTF revenues, bond tax subsidy payments and moneys in certain funds and accounts under the indenture, including a debt service reserve account.

Note 5: Long-Term Liabilities (continued)

Bonds Payable (continued)

D. San Sevaine 2016 Series A (taxable) and B Refunding Tax Allocation Bonds (continued)

If an event of default of either the Series A or B bonds referenced above and is continuing, if requested in writing by the owners of a majority in aggregate principal amount of the bonds then outstanding, the Trustee shall (a) declare the principal of the bonds, together with the accrued interest thereon, to be due and payable immediately, and upon any such declaration the same shall become immediately due and payable, anything in the indenture or in the bonds to the contrary notwithstanding.

Notes payable from direct borrowing - County of San Bernardino

The Successor Agency entered into loan agreements with the County of San Bernardino for \$10,415,000. The original loans bear interest at 1% over the County investment pool rate and were to be repaid over ten years. The loans were to be paid utilizing tax increment revenue from the project areas. The loans were made available for the Cedar Glen Disaster Recovery Redevelopment Area operating costs and project improvement costs of \$10,365,000 and Mission Boulevard Joint Redevelopment Project for administrative costs of \$50,000

In the 2013 fiscal year, the Department of Finance indicated that the repayment of the debt was not an enforceable obligation and therefore, the Successor Agency removed the debt and associated accrued interest payable from its liabilities. In the 2014 fiscal year, the Department of Finance indicated the debt was an enforceable obligation, and therefore the Successor Agency has returned the debt and associated accrued interest payable to its liabilities. The accrued interest payable has been reduced from the original amount of \$2,358,726 to \$224,341 based on the provisions of the Health and Safety §34191.4 per the letter from the DOF dated May 16, 2014. The accrued interest balance of \$224,341 was paid during fiscal year June 30, 2015.

The loans are to be paid out in semi-annual installments in amounts not to exceed the sum determined pursuant to Health and Safety §34191.4(b)(2)(A). The interest rate to be applied is the LAIF rate in effect from time to time as posted on the State Treasurer's website. Payments are applied first to accrued interest and then to outstanding principal. The new agreement does not contain any default or termination clauses with finance-related consequences, nor does it contain any subjective acceleration clauses. However, if the amount of funds available to be distributed by the San Bernardino County Auditor-Controller/Treasurer/Tax Collector from the Redevelopment Property Tax Trust Fund for any ROPS period is not sufficient to fully fund the other enforceable obligations on the ROPS, payments due on the loans, and the administrative costs of the Successor Agency for that period, then the amount of the loan payments due shall be reduced to the extent necessary to fully fund the other enforceable obligations and administrative costs. The reduced Loan payments shall be applied first to accrued interest and then to outstanding principal. In that event, the unpaid portion of the payment shall be deferred and the term for repayment of the Loans shall be extended for additional, successive semi-annual ROPS periods as necessary until all outstanding principal and accrued interest has been repaid in full.

Note 5: Long-Term Liabilities (continued)

Notes payable from direct borrowing - County of San Bernardino (continued)

The Successor Agency is required to make scheduled payments and perform obligations with respect to the long-term liabilities of the former Redevelopment Agency of the County of San Bernardino.

The following schedule illustrates the annual debt service requirements to maturity for the notes payable as of June 30, 2020 (based on the LAIF average annual yield of 1.934% for fiscal year 19/20):

County of San Bernardino notes payable - direct borrowing				
Fiscal years ending				
June 30,		Principal	l	nterest
2021 2022 2023	\$	622,580 634,621 646,894	\$	36,825 24,785 12,511
Total	\$	1,904,095	\$	74,121

Note 6: Commitments and Contingencies

Enforceable obligations

Some enforceable obligations of the Successor Agency represent agreements, contracts or other commitments for the expenditure of monies. They do not constitute as expense or liability for financial statement purposes because these commitments will be honored in subsequent years.

Covid-19

In December 2019, a novel strain of coronavirus has spread around the world resulting in business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The Successor Agency could potentially be adversely affected by this global pandemic. The extent to which the coronavirus may impact activity or investment results will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus. The Successor Agency has not included any contingencies in the financial statements specific to this issue.

Note 7: Subsequent Event

Subsequent to June 30, 2020, the Oversight Board approved resolutions authorizing the issuance and sale of bonds for the purpose of refinancing the Cedar Glen 2010 Series and the San Sevaine 2010 Series A and B bonds.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's report

To the Countywide Oversight Board Successor Agency to the County of San Bernardino Redevelopment Agency

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Successor Agency to the County of San Bernardino Redevelopment Agency (the Successor Agency) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Successor Agency's basic financial statements, and have issued our report thereon dated October 9, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Successor Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Successor Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Successor Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Successor Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
