# Independent Auditors' Report

We have audited the accompanying financial statements of the business-type activities, each major fund, and the aggregate remaining fund information of the County of San Bernardino Special District County Service Area No. 60 Apple Valley Airport (CSA), a component unit of the County of San Bernardino, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise CSA's basic financial statements as listed in the table of contents.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the minimum audit requirements and reporting guidelines for California Special Districts required by the Office of the State Controller. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Board of Supervisors County of San Bernardino Special District County Service Area No. 60 Apple Valley Airport Page 2

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, each major fund, and the aggregate remaining fund information of the County CSA, as of June 30, 2016, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America, as well as accounting systems prescribed by the State Controller's Office and state regulations governing special districts.

#### **Emphasis of Matter**

As described in Note 1 to the financial statements, during the year ended June 30, 2016, the CSA implemented GASB Nos. 72, 73, and 79. Our opinion is not modified with respect to this matter.

#### **Other Matters**

Required Supplementary Information

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

# Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of County Service Area No. 60 – Apple Valley Airport conform to generally accepted accounting principles as applicable to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

# **Reporting Entity**

The County Service Area No. 60 – Apple Valley Airport (CSA) was established on December 19, 1966 by an act of the Board of Supervisor of the County of San Bernardino (the County) to provide and maintain public airports and landing places for aerial traffic and related activities. Currently, the CSA funds the operations and maintenance of Apple Valley Airport, which is administered and staffed by the County of San Bernardino Department of Airports.

The CSA is a component unit of the County of San Bernardino and is governed by the actions of the County Board of Supervisors. The Board of Supervisors has established and appoints a seven (7) member Airport Commission which advises the Department of Airports on matters related to the operation of County owned airports and the Apple Valley Airport.

The accompanying financial statements reflect only the accounts of the County Service Area No. 60 of the County of San Bernardino, and are not intended to present the financial position of the County taken as a whole.

Because the CSA meets the reporting entity criteria established by the Governmental Accounting Standards Board (GASB), the CSA's financial statements have also been included in the Comprehensive Annual Financial Report of the County as a "component unit" for the fiscal year ended June 30, 2016.

# Measurement focus, basis of accounting, and financial statement presentation

The CSA's financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which there are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Property taxes are considered to be susceptible to accrual and have been recognized as revenues in the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Financial reporting is based upon all GASB pronouncements including the Codification of Accounting and Financial Reporting Guidelines.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUTNING POLICIES (continued)

Property funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, and the unrestricted resources as they are needed.

# **Cash and Investments**

Cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from date of acquisition.

#### **Interfund receivables and payables**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (e.g., the current portion of interfund loans) or :advances to/from other funds" (e.g., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds" Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances". Currently, the CSA has no governmental activities. All accounts receivable are shown net of an allowance for uncollectibles when applicable.

#### **Property Taxes**

Secured property taxes are levied in two equal installments, November 1 and February 1. They become delinquent with penalties on December 10 and April 10, respectively. The lien date is January 1 of each year. Unsecured property taxes are due on March 1 and become delinquent with penalties on August 31.

# **Accounts Receivable**

No allowance for uncollectibles has been recorded as of June 30, 2016 based on management's expectation that all accounts receivable will be collected through the regular tax roll.

#### **Inventories and prepaid items**

Inventories, if any, are valued at cost using the first-in/first-out method.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

# **Deferred revenue**

Amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met, are recorded on the basic financial statements as deferred revenue.

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUTNING POLICIES (continued)

#### Capital assets

Capital assets, which include property, plant, and equipment are reported in the financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (for improvements to land and structures and equipment) and have an estimated useful life in excess of two years. Structures with an initial cost of \$100,000 are considered capital assets. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation in accordance with GASB Statement No. 72.

The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvement are capitalized as projects are constructed.

Property, plant and equipment of the government are depreciated using straight-line method over the following estimated useful lives:

Assets	<u>Years</u>
Structure and improvements	5-40
Equipment and vehicles	4-15

# **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

# Stewardship, compliance and accountability

# A. Budgetary information

Although the CSA prepares and adopts an annual budget, budgetary information is not presented because the CSA is not legally required to adopt a budget.

# **New Accounting Pronouncements**

The District adopted Statement on Governmental Accounting Standards (GASB Statement) No. 72, Fair Value Measurement and Application, GASB Statement No. 73 Accounting and Financial Reporting for Pensions and Related Assets that are not within the Scope of GASB 68, and GASB Statement No. 79 Certain External Investment Pools and Pool Participants.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUTNING POLICIES (continued)

# **Deferred Outflows/ Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow or resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds of the balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

# **Long-Term Debt and Interest Payable**

In the Government-Wide Financial Statements, long-term debt and other long-term obligations are reported as liabilities in the appropriate activities. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are immediately expensed in the Government-Wide Financial Statements in addition to the Proprietary and Fiduciary Fund Statements in accordance with GASB No. 65. In the Fund Financial Statements, with the exception of advances from other funds, long-term liabilities are not presented. Consequently, long term debt is shown as a reconciling item in the Reconciliation of the Governmental Funds Balance Sheet to the Government-Wide Statement of Net Position.

In the Government-Wide Financial Statements, interest payable on long-term debt is recognized as the liability is incurred for governmental activities and business-type activities. In the Fund Financial Statements, only propriety fund types recognize the interest payable when the liability is incurred.

# **Net Position Flow Assumption**

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

In the Statement of Net Position, net position are classified in the following categories: *Net Investment in Capital Assets* consists of capital assets net of accumulated depreciation and reduced by outstanding debt that attributed to the acquisition, construction, or improvement of the assets.

Restricted Net position are restricted by external creditors, grantors, contributors, laws or regulations of other governments. Unrestricted Net position is all net position that do not meet the definition of "invested in capital assets, net of related debt" or "restricted net position."

#### **NOTE 2: CASH AND INVESTMENTS**

Cash, cash equivalents, and investments includes balances of monies deposited with the County Treasurer which are pooled and invested for the purpose of increasing earnings through investment activities. Interest earned on pooled investments is deposited to the CSA's account based upon the CSA's average daily deposit balance during the allocation period. Cash, cash equivalents, and investments are shown at the fair value as of June 30, 2016. Changes in fair value that occur during a fiscal year are recognized as *investment earnings* reported for that fiscal year. *Investment earnings* reports interest earnings, changes in fair value, and any gains or losses realized upon the liquidation, maturity, or sale of investments. The County's practice is to hold investments until maturity.

See the County of San Bernardino's Comprehensive Annual Financial Report (CAFR) for details of their investment policy and disclosures related to investment credit risk, concentration of credit risk, interest rate risk and custodial credit risk, as required by GASB Statement No. 40, and fair value hierarchy disclosures required by GASB Statement No.72.

# NOTE 3: LOAN RECEIVABLE

The CSA entered into four separate agreements with Apple Valley Ranchos Water Company (Utility) to construct distribution facilities for the purpose of furnishing public utility water service to Apple Valley Airport. The CSA advanced the amount of \$260,585 to cover cost of these facilities. The CSA is reimbursed by the Utility 2 ½ percent of the cost per year for 40 years. The amount outstanding at June 30, 2016, is \$128,526. Of this amount, \$6,515 is the current other receivable and \$122,011 is the noncurrent other receivable reported on the statement of net position.

#### **NOTE 4: CAPITAL ASSETS**

Capital asset activity for the year ended June 30, 2016 was as follows:

Business-type activities:		eginning Balance		Additions		Deletions		Ending Balance

Governmental activities capital assets, net	\$	13,378,609	\$	(582,752)	\$	-	\$	12,795,857

#### **NOTE 5: RETIREMENT PLAN**

Plan Description. Employees of the CSA participate in the County of San Bernardino's (County) cost-sharing multiple-employer defined benefit retirement plan (the Plan) administered by the San Bernardino County Employee's Retirement Association (SBCERA). The Plan is governed by the San Bernardino Board of Retirement (Board) under the California County Employees' Retirement Law of 1937 (CERL) and the California Public Employees' Pension Reform Act of 2013 (PEPRA). The Plan's authority to establish and amend the benefit terms are set by the CERL and PEPRA, and may be amended by the California state legislature and in some cases require approval by the County of San Bernardino Board of Supervisors and/or the SBCERA Board. SBCERA issues a stand-alone financial report, which may be obtained by contacting the Board of Retirement, 348 W. Hospitality Lane, 3rd Floor, San Bernardino, California 92415-0014.

Benefits Provided. SBCERA provides retirement, disability, death and survivor benefits. SBCERA administers the Plan which provides benefits for two membership classifications, General and Safety, and those benefits are tiered based upon date of SBCERA membership. Safety membership is extended to those involved in active law enforcement and fire suppression. All other members, including the CSA's employees, are classified as General members. Generally, those who become members prior to January 1, 2013 are Tier 1 members. All other members are Tier 2. An employee who is appointed to a regular position, whose service is greater than fifty percent of the full standard of hours required are members of SBCERA, and are provided with pension benefits pursuant to Plan requirements.

The CERL and PEPRA establish benefit terms. Retirement benefits for the General Tier 1 and General Tier 2 Plans are calculated on the basis of age, average final compensation and service credit as follows:

	General – Tier 1	General – Tier 2		
Final Average Compensation	Highest 12 months	Highest 36		
		consecutive months		
Normal Retirement Age	Age 55	Age 55		
Early Retirement: Years of service	Age 70 any years	Age 70 any years		
required and/or eligible for	10 years age 50	5 years age 52		
required and/or engine for	30 years any age	N/A		
	2% per year of final	At age 67, 2.5% per		
Benefit percent per year of service for	average compensation	year of final average		
normal retirement age	for every year of	compensation for		
normal reurement age	service credit	every year of service		
		credit		
Benefit Adjustments	Reduced before age	Reduced before age 67		
	55, increased after 55			
	up to age 65			
Final Average Compensation	Internal Revenue Code	Government Code		
Limitation	section 401(a)(17)	section 7522.10		

Contributions. Participating employers and active members, including the CSA and the CSA's employees, are required by statute to contribute a percentage of covered salary to the Plan.

# NOTE 5: RETIREMENT PLAN (continued)

This requirement is pursuant to Government Code sections 31453.5 and 31454, for participating employers and Government Code sections 31621.6, 31639.25 and 7522.30 for active members. The contribution requirements are established and may be amended by the SBCERA Board pursuant to Article 1 of the CERL, which is consistent with the Plan's actuarial funding policy. The contribution rates are adopted yearly, based on an annual actuarial valuation, conducted by an independent actuary, that requires actuarial assumptions with regard to mortality, expected future service (including age at entry into the Plan, if applicable and tier), and compensation increases of the members and beneficiaries. The combined active member and employer contribution rates are expected to finance the costs of benefits for employees that are allocated during the year, with an additional amount to finance any unfunded accrued liability. Participating employers may pay a portion of the active members' contributions through negotiations and bargaining agreements.

Employee contribution rates for the fiscal year ended June 30, 2016 ranged between 7.81% and 14.21% for Tier 1 General members and between 7.70% and 8.40% for Tier 2 General members.

See the County of San Bernardino's Comprehensive Annual Financial Report (CAFR) for details of their pension liabilities, pension expense, deferred outflows and inflows of resources related to pensions, actuarial assumptions, and discount rates, for the current year and two preceding years computed in accordance with GASB 68, *Accounting and Reporting for Pension Plans*, for the year ended June 30, 2016.

# **NOTE 7: RISK MANAGEMENT**

The County has self-insurance programs for public liability, property damage, unemployment insurance, employee dental insurance, hospital and medical malpractice liability, and workers' compensation claims. Public liability claims are self-insured for up to \$3.0 million per occurrence. Excess insurance coverage over the Self-Insured Retention (SIR) up to \$54 million is provided through a combination of insurance policies as recommended by Alliant Insurance Services Inc., Insurance Broker as follows: Primary Liability coverage \$10 million excess of \$3.0 million self-insured retention with Security National Insurance Company (AM TRUST); Excess Liability coverage for \$4 million, excess of \$13 million with Evanston Insurance Company (Markel); and Excess Liability coverage of \$15 million, excess of \$17 million with National Casualty. Allied World Assurance Co. (AWAC) provides excess liability coverage of \$25 million, excess of \$32 million. No settlements related to these programs have exceeded insurance coverage in the last three years.

The Workers' Compensation program was restructured by joining CSAC-EIA (California State Association of Counties – Excess Insurance Authority) Excess Workers' Compensation Program and purchasing a policy with a \$2 million SIR and statutory limits with National Union Fire Insurance Company of Pittsburgh, PA. Property damage claims are insured on an occurrence basis over a \$25 thousand deductible, and insured through CSAC-EIA and reinsured with Lexington Insurance Co. and with several insurers like AWAC, Ironshore, Partner RE, and Lloyd's of London, among others.

The County supplements its self-insurance for medical malpractice claims with a \$25 million policy (\$35 million aggregate) with BETA Risk Management Authority, which provides annual coverage on a claim made form basis with a SIR of \$1 million for each claim.

# NOTE 7: RISK MANAGEMENT (continued)

All public officials and County employees are insured under a blanket Comprehensive Disappearance, Destruction, and Dishonesty policy covering County monies and securities, with Berkley Regional Insurance Co. with a \$100 thousand deductible, and excess limits up to \$10 million per occurrence.

The activities related to such programs are accounted for in the Risk Management Department's internal service funds ("Funds"), except for unemployment insurance, and employee dental insurance, which are accounted for in the General Fund. The liabilities recorded in these Funds are based on the results of actuarial studies and include amounts for allocated and unallocated loss adjustment expenses. The liabilities for these claims are reported using a discounted rate of 0.615% and an actuarially-determined 80% confidence level. It is the County's practice to obtain actuarial studies on an annual basis.

See the County of San Bernardino's Comprehensive Annual Financial Report (CAFR) for details of their claims liability in accordance with GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*, at June 30, 2016.

#### **NOTE 8: CONTINGENCIES**

As of June 30, 2016 in the opinion of the CSA Administration, there are no outstanding matters which would have a significant effect of the financial position of the CSA.

# **NOTE 9: SUBSEQUENT EVENTS**

Management has evaluated subsequent events through November 30, 2016, which is the date the financial statements were available to be issued, and has determined that there are no transactions that will have significant impact on the CSA.
