ATC EARNS NATIONAL ACHIEVEMENT AWARDS

San Bernardino, CA — The San Bernardino County Auditor-Controller/Treasurer/Tax Collector’s Office (ATC) has been recognized with three Achievement Awards in the information technology category from the National Association of Counties (NACo). The awards honor innovative, effective county government programs that strengthen services for residents.

NACo recognized ATC for its Cashiering System, Remittance System, and PIRFNET Enhancement Project, as customized by the Information Technology, Tax Collector, and Property Tax Divisions to support and enhance existing business processes in each division.

“San Bernardino County is proud to be a leader in innovative technology. I am committed to increasing transparency in our operations and providing better, faster service to our taxpayers,” commented Mason. “These three awards demonstrate we are succeeding, and I commend my outstanding staff for their leadership and creativity.”

NACo President Greg Cox said, “Counties implement innovative programs that enhance residents’ quality of life every day. This year’s Achievement Award-winning programs demonstrate how counties build healthy, safe and vibrant communities across America.”

Nationally, awards are given in 18 different categories that reflect the vast, comprehensive services counties provide. The categories include children and youth, criminal justice, county administration, information technology, health, civic engagement and many more.

NACo will recognize award-winning counties at its 2019 Annual Conference and Exposition July 12-15 in Clark County, Nevada.

Started in 1970, NACo’s annual Achievement Awards program is designed to recognize county government innovations. Each nominee is judged on its own merits and not against other applications received.
